# ReClothes

Connecting Donors and Buyers  
Stimulating a Sustainable Lifestyle

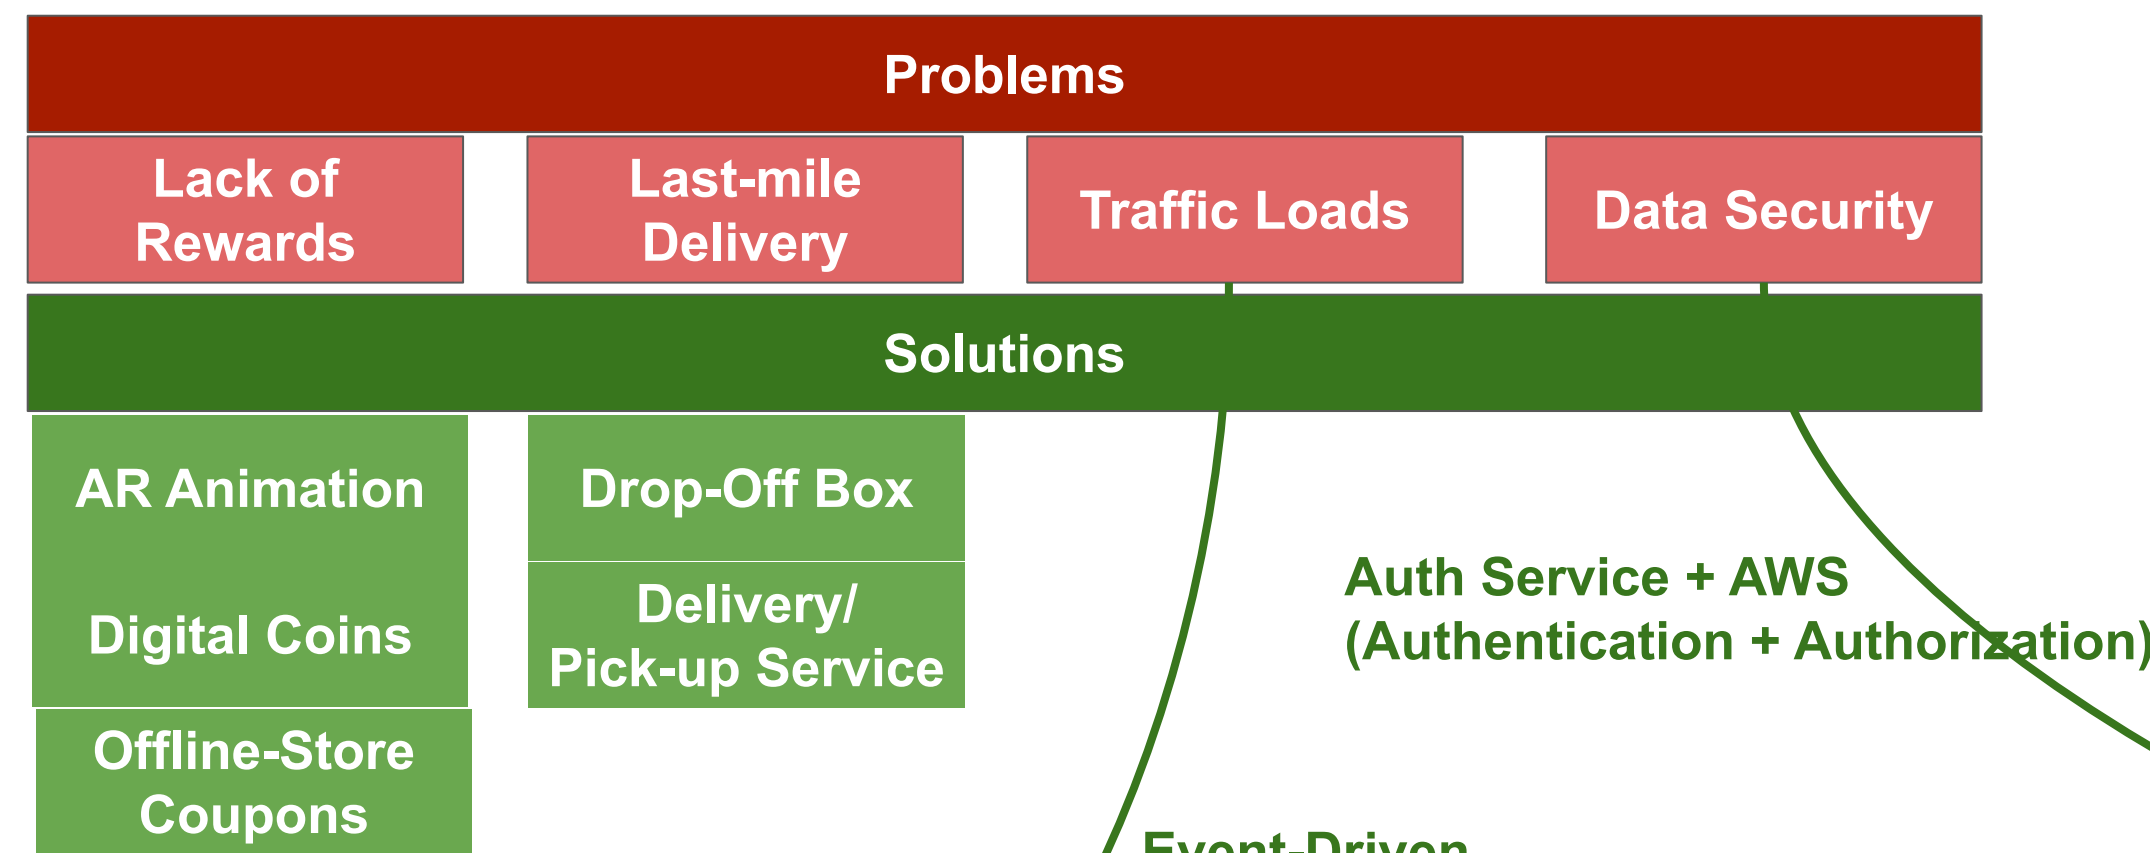

Detailed Digital Document: <https://whimsical.com/reclottes-AoxfnBQ7rSc86PFvT4TFJy>

## Business Solution

ReClothes is a platform that bridges clothes donors, second-hand clothes buyers and scrap factory. ReClothes support the business functions include donation module, second clothes online marketplace, last-mile delivery service, and enterprise management platform.

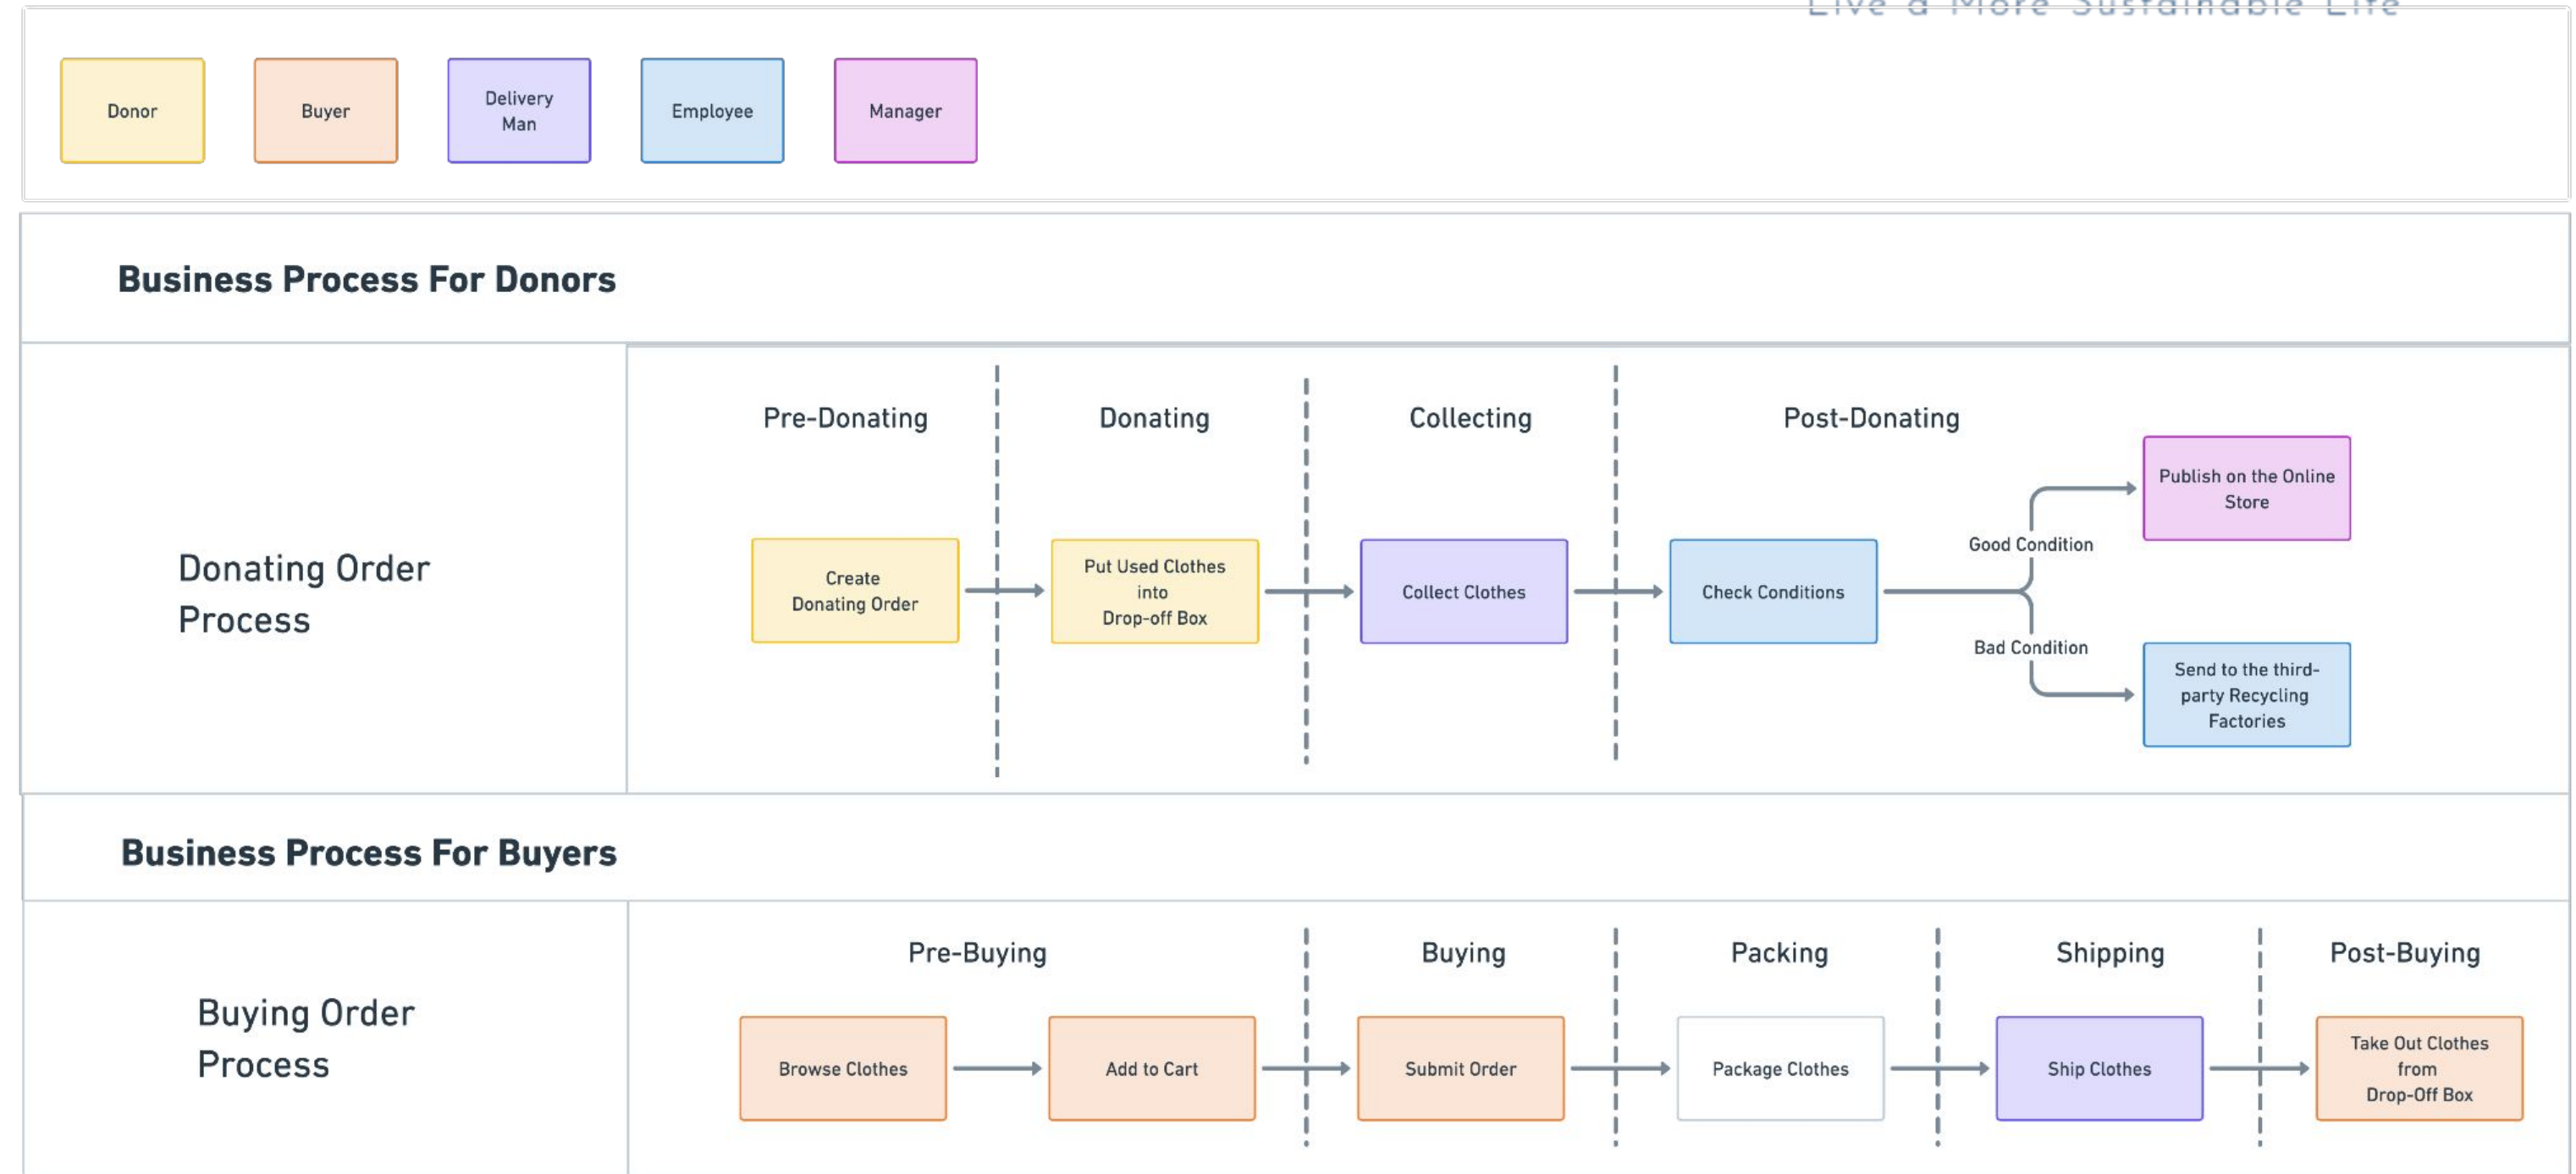

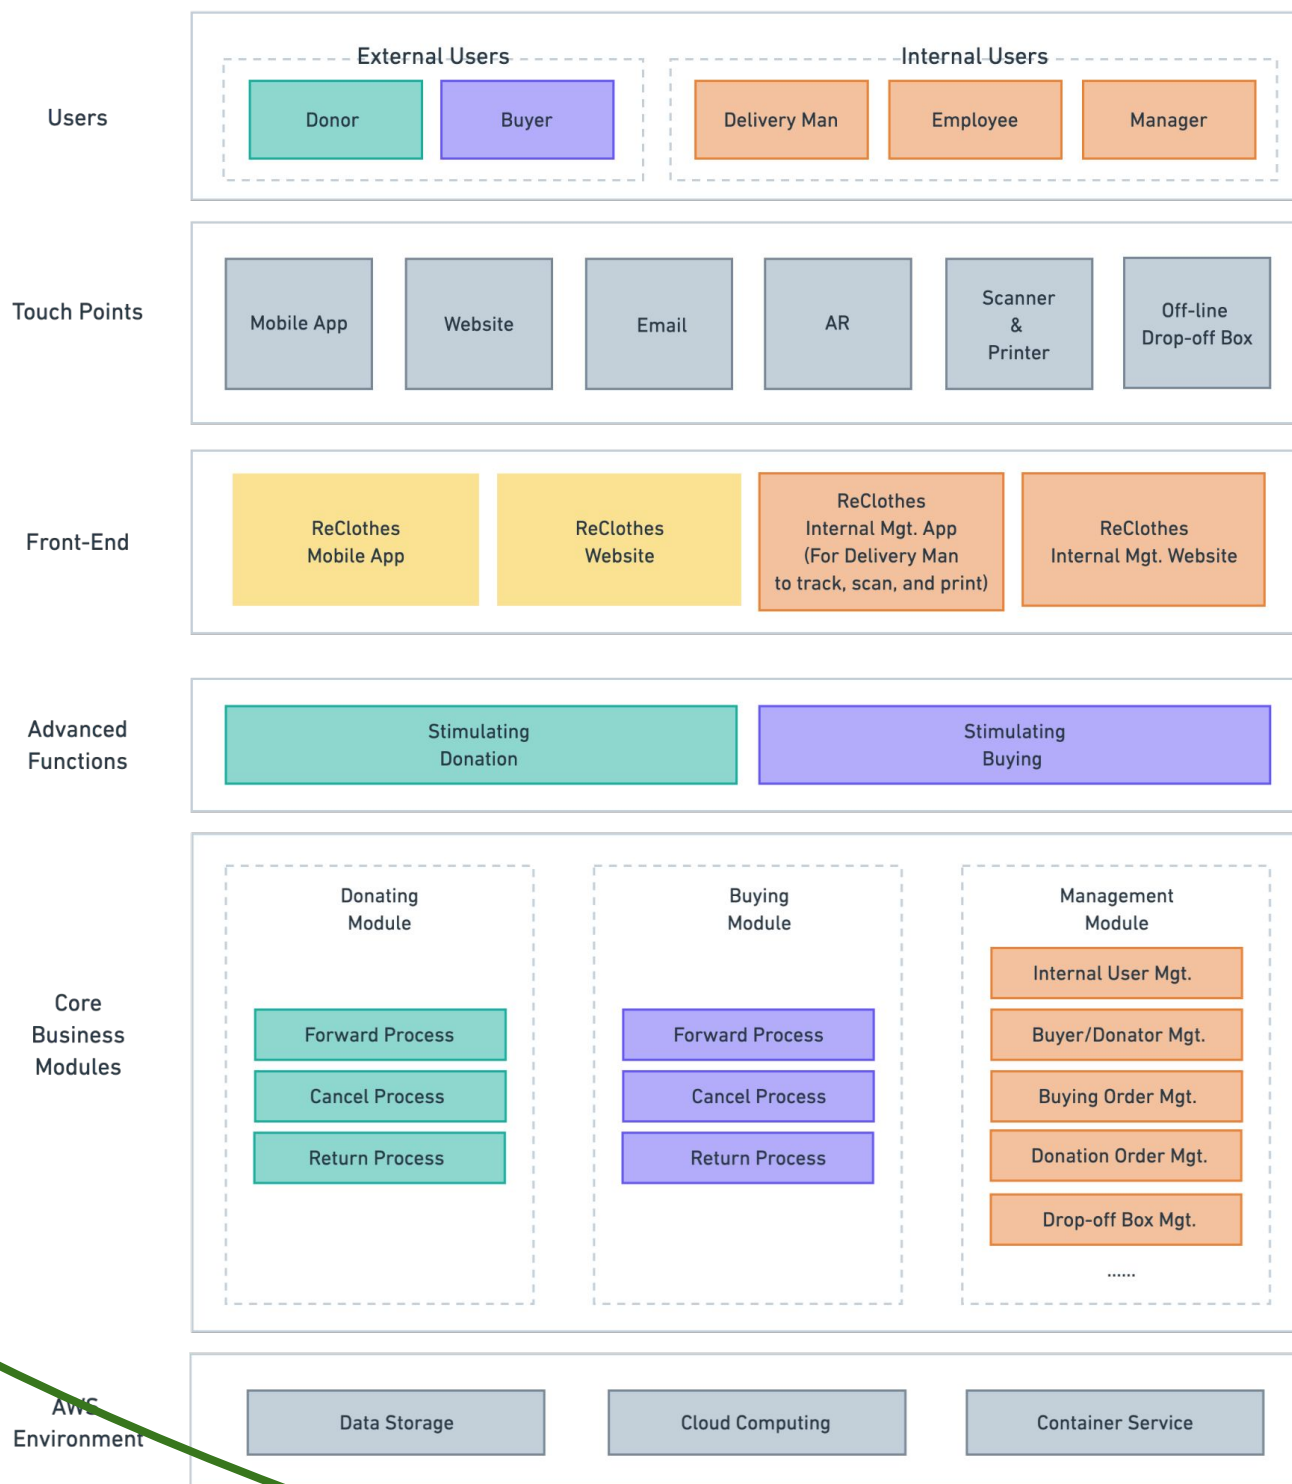

The donation module enables donors to have access to the drop-off box nearby and keep track of their donating items. The AR gaming and digital coin features encourages donation community engagement and offers rewards to the donors on the platform.
